President Mary is asking the Club to consider three items this next year: term lengths, emailing the Yearbook, and considering changing the month of our Annual Meeting, as so many are gone in February. We also have voted to become a 501 (c) (3) organization. (Thanks to Lori Pray and Bruce Hart for all their hard work.)

Jack Jesse from Eaton County Substance Abuse was our speaker.

MEDICINE ABUSE COMMITTEE: The purpose of the committee is to raise awareness in the community of the danger of teens abusing Rx and or over-the-counter drugs. MyLead Conference Attendees

Alana Retzer, daughter of Patty and Gerry Retzer, will attend the MyLead Leadership Conference at MSU, May 16-18. Alana's application stood out among the many that were submitted. Alana is involved with the Symphony Band, Junior Varsity Basketball, Varsity Track and Cross Country. She also plays keyboard in a Youth Praise Band, and has done mission work in three states. Alana's career goal is to be a middle school or high school social studies/history teacher and she enjoys her AP history classes. She is looking forward to going with one of her best friends, Maizie Kineman, who received the GFWC-Charlotte sponsorship.

Yogurt Lids – new program

Save the gold colored "Pound for Pound" Yoplait Yogurt Lids. Wash and dry them and turn them in to Sue Pruden at each meeting. General Mills will donate 10 cents to Feeding America per lid received by December 31, 2009 up to \$275,000!

Tea and Tomes Book Discussion Group

Please join us on Tuesday, February 24, to discuss *March* by Geraldine Brooks. Ms. Brooks, a former Wall Street Journal writer, is known for her careful period research, and vivid, passionate retelling of historical events. In the book, *March*, she explores the devastation and moral complexities of the Civil War through her brilliantly imagined tale of Mr. March, the absent father from Louisa May Alcott's *Little Women*. We meet for discussion, tea, and refreshments from 1:00-2:30 in the Spartan Room of the Charlotte Community Library. The book can be obtained through inter-library loan.

Sneak Peek: In March, we will read and discuss the 2005 Pulitzer Prize Winner for Fiction, *Gilead*, by Marilynne Robinson.

ESO INFORMATION

Our club has 15 women currently pledged to ESO, the honorary reading society open to all GFWC women. The purpose of Epsilon Sigma Omicron is to promote a commitment to lifelong learning and self-improvement through reading. If you are interested in joining ESO, you may download the pledge form and information on www.gfwc-charlotte.com

If you have already become a member of ESO, it is time to report your reading lists to Brynda Filkins. She needs 1.) the titles and authors of the books you have read since pledging and 2.) the total number of books finished. Certificates are issued according to levels attained and are presented at the GFWC State convention in late April. (You need not attend to receive your certificate.) Certificates are issued after you have read a total of 16, 40, 64 or 100 books since pledging. So, if you need to push to finish a book or two to reach those levels, begin speed-reading!

Please send your information to Brynda via email (brynda@usa.net) or postal mail (1209 S. Sheldon St.) **by March 15**. Thanks to all the ESO members for their diligent reading through the year!

For Valentine's month, Brynda Filkins shares this with us. . .

BOARD TALK – MARY REMENAK

Dear Members,

It was good to see so many of you at our Annual Meeting. Even our speaker took note of the energy in the room!

Our speaker, Jack Jesse, from the Eaton County Substance Abuse department, gave an interesting and timely talk. He spoke of a need to educate our families and community about prescription drug abuse and proper disposal. Our Prescription Drug Abuse Awareness committee has been working on projects to meet this need. They will bring us up to date at our March meeting.

Our Annual Report was submitted in January. It is a source of pride for all of us. This is a sample of what we did: 32 committees & departments, 90 programs/projects, 6055 volunteer hours, and \$11,174.12 dollars & "in-kind" donations. In addition to our traditional activities, there are a few that I want to point out. Working in conjunction with Charlotte Rotary, the Dean Park landscaping project was completed. Under the leadership of Shirley Rann, our Photography Interest Group was formed. Operation Smile was rejuvenated and soon 75 dolls will be on their way to children awaiting facial surgery. Following State president, Sherry Wellman's lead, we selected Bay Cliff Health Camp and Prescription Drug Abuse Awareness as our special focus. We raised over \$500.00 for Bay Cliff at our "Girls Just Want to Have Fun" party and our Prescription Drug committee is working on projects that will create community awareness.

Congratulations to our Ms. Federation recipients, Nola Buck and Marilyn Monroe Hart. Ms. Federation recognition can be given to any member who demonstrates an avid interest and support of Federation goals and programs; sponsors a new member; and has attended a National, State or District event. We are fortunate these two women are among our members.

Karen Elsesser presented a lovely installation ceremony for our 2009-10 Board. We appreciate your inspirational words and the care you took.

"Step For the Roses" has us motivated! We are walking and counting our steps. Thank you, Barbara Fulton!

See you March 6, 2009 at the library. Let's learn how to live greener!

Mary

Mayonnaise Jar & Two Beers...

When things in your life seem almost too much to handle, when 24 hours in a day are not enough, remember the mayonnaise jar and two beers.

A professor stood before his philosophy class and had some items in front of him. When the class began, he wordlessly picked up a very large and empty mayonnaise jar and proceeded to fill it with golf balls. He then asked the students if the jar was full. They agreed that it was.

The professor then picked up a box of pebbles and poured them into the jar. He shook the jar lightly. The pebbles rolled into the open areas between the golf balls. He then asked the students again if the jar was full. They agreed it was.

The professor next picked up a box of sand and poured it into the jar. Of course, the sand filled up everything else. He asked once more if the jar was full. The students responded with a unanimous 'yes.'

The professor then produced two beers from under the table and poured the entire contents into the jar effectively filling the empty space between the sand. The students laughed. "Now," said the professor as the laughter subsided, "I want you to recognize that this jar represents your life. The golf balls are the important things--your family, your children, your health, your friends and your favorite passions---and if everything else was lost and only they remained, your life would still be full. The pebbles are the other things that matter like your job, your house, and your car. The sand is everything else---the small stuff. If you put the sand into the jar first," he continued, "there is no room for the pebbles or the golf balls. The same goes for life. If you spend all your time and energy on the small stuff, you will never have room for the things that are important to you.

Pay attention to the things that are critical to your happiness. Spend time with your children. Spend time with your parents. Visit with grandparents. Take time to get medical checkups. Take your spouse out to dinner. Play another 18. There will always be time to clean the house and fix the disposal. Take care of the golf balls first---the things that really matter. Set your priorities. The rest is just sand."

One of the students raised her hand and inquired what the beer represented. The professor smiled and said, "I'm glad you asked. The beer just shows you that no matter how full your life may seem, there's always room for a couple of beers with a friend."
