2	The Club Communicator This is our monthly newsletter and continues to be an invaluable resource for communicating to all club members on a timely basis usually on the 15th of September through May except for December. (This has been especially true during the Covid-19 lockdowns.) It is a venue for articles and announcements re club, district, state and national concerns and events, and a venue for conducting business virtually. (Including information from News and Notes.) It takes a minimum of sixty hours per month to publish. This includes gathering information, taking and processing pictures, writing articles, preparing the layout, entering into the computer, running some copies, collating, stapling, labeling, mailing, and emailing, etc. We developed a "buddy" system so that most members receive it by email. We also prepare photos and articles for the local newspaper and our Club scrapbook. The editor also publishes the club's pictorial directory, which helps current members get to

7	<p>imembersdb.com The Club authorized Linda Foster to get the club onto the imembers data base system. This is a system that she used for her work, and the people who developed it did so for our Club for free as sort of a beta program to see if GFWC would be interested in using their system on down the road. It has enabled us to register for meetings online, maintain an up-to-date member listing, including contact information and photos, calendar, venue for sending out the newsletter, etc. It has been well received and more so as members become familiar with how to use it. Linda and her husband did a demo for the Board and have been asked to do mini-instruction sessions for the general membership from time to time. This year, we did a demo for the New Member Orientation, too. It has various levels of security – from public view to a secure site. Linda did all the entry of information into the system, so that the Club could use it. Linda spends about 10hours/month helping register people</p>

8	<p>Website Ed and Linda Foster have maintained the site. At least 100 hours were put into it. Amy Krizek has come on board and is chairing this and Pat Campion helps with this, as well. They add things from time to time. Ed & Linda also made applications forms “writeable,” and available on our site. This was done for our local club and at the state level. (Including club membership applications and Education Foundation Scholarship applications). We are making more of a Facebook presence each year. Pat Campion is doing a great job publicizing our events on Facebook. Amy Krizek is getting the website more up to date. We do maintain a secure site portion, so that we can put up our pictorial directory for the membership.</p>

9	<p>GFWC-Charlotte in Action Banner We continue to display our banner whenever we are doing projects such as planting flower beds at city hall and decorating urns in the business district in the spring. The banner was also tied to the back of the risers at the Senior Tea in May where the audience could see it all during the program except when the choir sang. On April 19 the gals that worked at Culver’s had the sign displayed for a fundraiser during supper hour where we earned a percentage of the sales. The sign stood in the year by the curb of the Charlotte Dairy Queen all day July 20 and October 3 for a mini fundraiser that earned us a total of \$850. Pictures were taken of some members standing behind the sign at Dairy Queen and those shots and the Culver photos were put in the County Journal, the local paper and on our Facebook page, GFWC MI, and the local Chamber of Commerce Facebook page. GFWC-Charlotte contributes to SIREN by promoting events and causes with the fundraising for their programs. On November 13, 2022 GFWC-Charlotte in partnership with SIREN/Eaton Shelter hosted an annual Holiday Tea. This tea provides funds to SIREN/Eaton Shelter, a service in the community that provides emergency shelter, transitional housing and support services to thousands of people each year who are victims of domestic abuse and homelessness. The 15 GFWC Committee members began meeting in May 2022 and met once a month for 7 months to prepare for the event. 2	Hand and to Hand As we strive to follow our Collect ("and may we strive to touch and know the great common human heart of us all") we created a means of helping our members, who may need a helping hand. We provide rides to doctor appointments, grocery stores, a hot meal, a listening ear, support, bake a cake, a phone call, cards or a much needed visit. Committee members donate their time, gas, and many other items as in-kind donations. Members provide rides for our elderly members, so they are able to attend our monthly meetings.

Each member was given a list of past programs and suggested speakers along with a sheet to write new ideas that their small groups came up with. One spokesperson shared their ideas at the lectern. Those who attended via Zoom emailed their ideas to the Vice President and she collected all the sheets at the meeting for her committee meeting.

8	President's Letter At the beginning of the year, starting in August, the president writes a welcome letter that is sent to each member of GFWC--Charlotte. At that time events, dates, and news is given to everyone for the upcoming year. It also outlines what programs, speakers and projects have been set up. The Presidents stuffs all the envelopes, puts return address labels on the outgoing envelope, address labels, and stamps along with an inserted envelope with the club's PO Box address. The printed letter and address labels are printed by Linda Foster.

Each member of GFWC-Charlotte receives a copy at the beginning of the year. The yearbook includes our clubs program topics, speakers, meeting chairs and committees, time of our meetings and place. 13	<p>Memory Book It takes many hours to compile the Memory Book that chronicles our club year. Because we are such a large club with so many projects, community services, and interest groups, it is a major task to assemble and put together in scrapbook form all items available pertaining to our club. Our cochairs are always working on collecting photos, articles, programs, and any other information in order to keep a record of our history. They have spent many happy hours visiting and reminiscing as they select the documents and photos to place in our clubs "History Book". During Covid, the memory book was put on hold but they worked hard last winter and spring to finish the 2021 book. It was displayed at the spring and fall meetings. We have a line item in our budget of \$50 for supplies. They are looking into a digital scrapbook for next year.</p>

14	<p>Library Donations Honoring Past Presidents who have died It has been our tradition for many years to honor our Past Presidents by donating a book in their memory at our community library. After careful consideration and consulting with the families, a selection is made. The library places a book plate in each of the donated books with the name and that it is a donation made in memory of a Past President of GFWC-Charlotte. In 2022 a book was given in honor of Marilyn Monroe Hart.</p>

GFWC is continually working to develop partnerships with organizations whose ideals are in line with ours. It is imperative that you check the web site (gfwc.org) so you have the opportunity to volunteer in any of the newly added partnerships developed by International. GFWC MI will keep you informed of any new "partnerships" developed by National.
